DOGWOODS

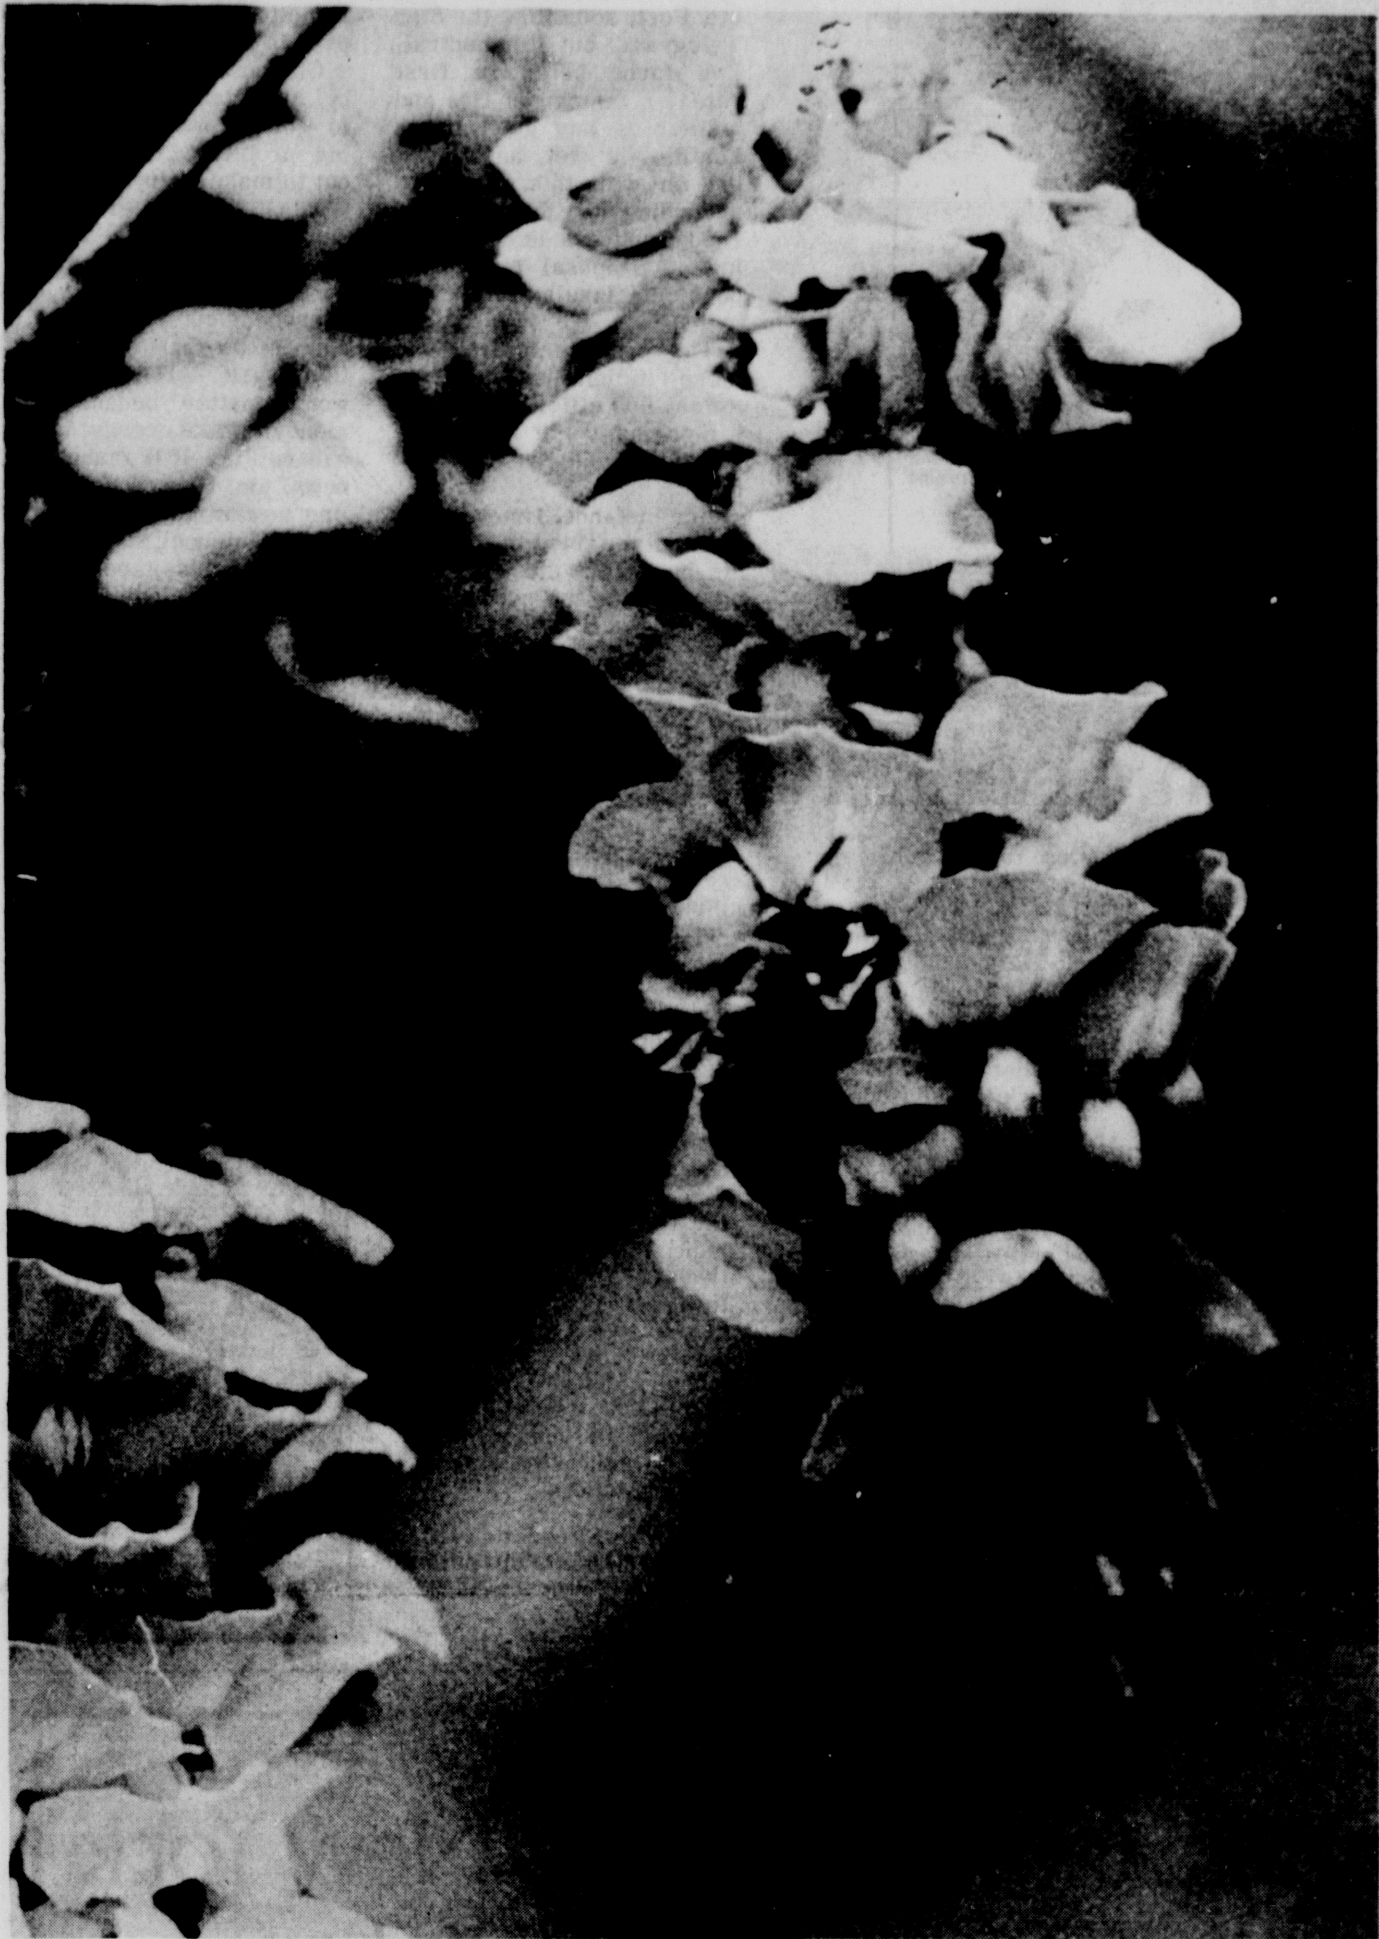

ARE IN BLOOM!

For Trail, See Story, This Page

Vol. 118 No. 5

Cameron, Milam County, Texas, Herald, Thursday, March 24, 1977

12 Pages Today

SPRING IS HERE -- It arrived Sunday, and trees, flowers and shrubs are in bloom over the countryside. This bee found a delicious sip of nectar in a drooping wisteria bloom and was captured by the camera of Herald photographer Mike Peck.

## Mishap Injures Child

A five-year-old Huntsville child remains in critical condition in a Temple hospital after he was hurt in a freak accident Monday around 11:30 a.m. near Hearne.

The child, David Charles Michelson, received head injuries in the mishap which occurred a mile south of Hearne on Highway 190. He was a passenger in a car drive by his moth-

er, Mary Michelson.

According to a spokesman for the Department of Public Safety headquarters in Bryan, a concrete gutter pipe fell from a passing truck and shattered. A piece of the pipe went through the Michelson vehicle's windshield, striking the youngster in the head. The child was standing in the middle of the back seat.

The child was taken first to a Hearne hospital then on to Scott and White Hospital in Temple where his condition was described as critical.

Driver of the truck was Thomas Key of Waco. DPS Trooper Gary Henderson of Hearne investigated the accident.

## Medical Clinic For Lott Now Assured

Lott's efforts to bring medical services to its residents were culminated Monday night when the city council voted to convert the Lott library building into a clinic with doctors from Rosebud serving the public.

Council voted to purchase some \$25,000 in equipment for the clinic, to be borrowed from a bank and paid back with revenue sharing funds.

The clinic will be staffed on a rotation basis by four doctors who regularly work at the Rosebud Medical Services Hospital and each will spend at least one day a week at the Lott clinic. The doctors include H. B. Halbert, B. E. Phillips, A. A. Cisneros and C. R. Peterson.

The vote Monday night means that the city will have doctors practicing

in Lott for the first time in 13 years.

Some 65 people attended the council meeting and a petition with 15 signatures supporting the project was presented. The petition was signed by a number of elderly people and members of the PTA who could not attend the meeting.

It was explained during the open hearing that each physician who worked in the clinic would be required to sign at least a one-year contract with the city before being allowed to use the facilities.

It was also explained that the city would own the building and clinic equipment outright and the only cost to the council would be the initial outlay needed to renovate and equip the present library building.

Patients will pay the doctors' expenses just as in any other medical clinic, it was pointed out.

The meeting followed several weeks of planning by the Lott city council on how to restore the much-needed medical services to the city. The last doctor to practice in the city cited irregular hours and not enough patients as reasons for moving his practice elsewhere. However, there are now 1,200 residents in the city itself, not counting the surrounding trade area.

One of the major complaints voiced during the hearing was the distance Lott citizens have to travel to see a doctor. The nearest medical facility is at Rosebud, 10 miles away.

It was noted that a lot of the residents are elderly and transportation is a problem for them.

## Fire Damages MP Work Cars Near Milano

A fire of unknown origin Saturday damaged two cars of a Missouri-Pacific work train on the tracks west of Milano around 6:15 a.m. Reports of an explosion could not be confirmed.

Rockdale police reported that they received two phone calls about an explosion, but firemen who responded from Cameron, Rockdale and Milano could not confirm the reports.

Cameron Fire Chief Felix Matula said one of the cars contained the kitchen area of the work train.

Local volunteers also answered a call to a grassfire near the Cameron Country Club at 7 p.m. Friday; one to a grassfire on the Salem Road at 5:30 p.m. Sunday; and two on Tuesday. Those calls came at 2 and 3:30 a.m. and were to the same location on the railroad right of way on Highway 36 south of Cameron.

## Dogwood Trail Offers Spring Beauty In County

The dogwoods in Milam County are in full bloom, and those who have driven out on county lanes to see the trees report that they are more profuse and beautiful than ever.

County Tax Assessor - Collector Valter White reported on a ride down the dogwood trail Sunday and gave directions on how to reach the area.

Cross Little River bridge east of Cameron, turn left on FM 2095 which is the first paved road past the bridge. Go along the paved road to the first stop sign, turn right and go about a mile to a traveled gravel road. Turn left on that road and go two or three miles and you will see the dogwoods in bloom.

## In The News, Briefly

### Final Baseball Signup

All minor, little and pony leaguers interested in playing baseball this summer should come to the final signup on Thursday (today) March 24 between 5-7 p.m. at the L.L. field at the airport. Registration fee is \$6 and the program is open to all boys from first graders through age 15.

### Absentee Voting

A reminder that absentee voting for school and city elections will close on Tuesday, March 29. If you will not be able to vote in person on April 2, you should cast an absentee ballot.

### Sticker Sales Brisk

Sales of license plate stickers for 1977 are beginning to pick up after a slow start, reports County Tax Assessor - Collector Valter White. He reminds motorists that the new stickers should be in place on the right hand upper corner of license plates by April 1.

### Two Men Charged

Two men were charged by Cameron police in separate stabbing incidents over the weekend.

Benito Vasquez of Cameron was charged in the stabbing of Juan Asebedo of Garden City, Kans. at Garcia's Place on South College shortly after midnight Saturday.

Asebedo came to the police station to report the stabbing and was listed in satisfactory condition in Newton Hospital.

A little later Saturday morning Rameriz Martinez, a Mexican National, was charged with aggravated robbery in the stabbing and robbery of Ricardo Gloria of Cameron.

Police Sgt. Joe Cottle said Martinez cut Gloria on the hand and took a check from him. The incident took place in the parking lot of Holloway's Laundry.

## City To Host Area Scout Fair On Saturday

The 1977 Cameron Area Scout Fair, with the theme "Scouting - Stronger Than Ever," will be held in the National Guard Armory in Cameron on Saturday, March 26, from 2 until 5 p.m.

Scout units from the Cameron area will have booths showing aspects of Scouting and these will be judged during the afternoon, with ribbons awarded the best.

Tickets at \$1 each are available from Cub and Boy Scouts and will also be sold at the door.

Everyone is urged to come out to the Fair and see what the Scouts are doing.

dentials are only the beginning) encouraged me to believe the years here have not been "spending" years, but learning years.

I doubt if I, among these, am any less enigmatic in the modern communications paradox. I am grateful that being unpredictable is not yet a crime in this country, but only a bother to plodders and schemers who require everybody to fit a role.

The truth is the role playing stops when things change. And things in Texas, all of it, indeed are changing with each tick of the sunbelt clock.

## Kelley Wins 1st Place In State Free Throw Tilt

Denise Kelly, an eighth grader at O. J. Thomas Junior High, won state honors in the free throw contest sponsored by the Knights of Columbus at San Antonio on Saturday.

Daughter of Mrs. Gwendolyn Kelley of Cameron, Denise tied another competitor with 18 baskets, then in the playoff hit four out of five to win first place in state.

Another Cameron youngster, Robert Hudson, 11, son of Mr. and Mrs. James Hudson, placed second in his age group with 22 out of 25 baskets. The winner in that class hit 23 out of 25.

David Hall, 13, of Rockdale, was beaten by two shots for second place in his age group.

The winners advanced through five levels of competition starting with a local contest here in January.

BAND WINNERS - These Yoe Band members won ten first-place medals at the UIL solo and ensemble contest in Temple. From left, front row, are Laura Delony, Tracy Barr, Lori Crook, Connie

Eplen, and Janet McGoldrick. Back row from left, Craig Harper, Ellen Lucko, Ann Wells, and Jeanne Dodd. The band also brought back to Cameron 16 second - place and four third-places.

### TICK, TOCK.....

If he didn't say it about himself, it was said of Churchill and so might also be said of a newspaperman: "He is an enigma wrapped in a paradox."

Perhaps it is some protection against the cowardice, cynicism and contrivance that pass for what we are to believe in these days.

I learn if one succeeds, he is lucky. If he fails, he is lazy, less unlucky. If he muddles through to no particular reach, he is "good ol' Charlie Brown."

This day, I learn it is necessary to apologize for not wanting to be "Charlie Brown" in politics, profession, viewpoint, aspiration and so on.

By April 1, I will have been in Cameron 20 years. This newspaper was sued for an earlier story for \$100,000 my first week and boycotted by some key advertising in a county entering the industrial age while its county seat doted on a fading past. This is mentioned only to illustrate the unlikely prospects in a "graveyard for newspapers."

I learn that older men smile and try to take in younger men, who according to tradition and innuendo, are still subject to the splendors of youth.

Two decades ago, a youthful city council in a suburban Texas town was dismantled for the "terrible" practice of going to a few parties. I happened upon this community as the process of retribution was setting in on those people who only wanted to claim the town from the 19th century. I left.

Similar controversy was abroad here. Then cotton prices in the early 1960s went and the substance of tra-

ditional agriculture and related commerce here went with it.

For about two decades, this newspaper has been offering alternatives, not only here, but to whomever would listen and read. And events perhaps a decade ago made them listen and read, all of them.

If anything, through some of these years, this newspaper was in about the same shape as the downtown, which indeed is difficult to remember.

Whatever, I returned from Washington the past weekend after meeting a lot of people, as usual, in communications, politics, law, social work, industry and whomever else you expect in the power center of the West.

I met, among these, the chairmen of seven other committees of National Newspaper Association. Their credentials, youth and perspective warrant a brief survey.

The incumbent NNA president is a master's graduate of the Columbia School of Journalism. And he brought together in these eight people: a former president of NNA, former presidents of Wyoming, Kansas, Wisconsin and Nebraska press or advertising groups, a master's graduate of Boston University, two graduates of the Missouri School of Journalism and the business manager of one of the nation's largest suburban newspaper chains. Where they've been and what they do would be sizeable reading for anybody.

It is an interesting representation for 6,500 NNA newspapers in the smaller daily and non-daily field. It suggests medium and metro daily people might examine what is happening each additional year to the suburban and non-metro press.

Seeing these guys at work (for cre-

## A Better View...

We congratulate Cameron Public Library board for approving the purchase of a microfilm reader. And plans include receiving a microfiche reader for keeping records of the various sources for library systems.

This type reader has been an important item for public libraries for years. Endless miles of records have been put on microfilm in every place from the National Archives on down to libraries throughout the

country and the Western World.

It has been to disadvantage of this library that this piece of equipment was not available years ago. But that is the nature of learning what is and what isn't important.

This is a device that will be invaluable for years to come to local history students, research types and just readers wanting records or pages of manuscripts not otherwise available.

## His Personal Performance...

Congratulations indeed are in order to DECA's Phillip Tindall and Bill Hughes, Yoe High School chapter members, who won singular honors in Dallas earlier this month.

Tindall is a state winner heading for national competition in advertising. Hughes was one of 12 finalists in petroleum marketing.

The DECA state contest attracted 3,000 regional winners with Tindall going against 700 and Hughes

going against 600.

This is one of the things "that it's all about." How good are you against the best? That's a question which is best decided early on to handle the "future shock" changes slamming into us all.

These youngsters have a good start. It won't be lip service, bluff, blow, group support or bravado that puts Tindall on top.

It will be his personal performance.

### "Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to  
Review the Congressional Record Daily)

Rep. Larry McDonald (Ga.) "... A large increase in the minimum wage this year would have a devastating impact on the Nation's economy particularly as regards employment of the Nation's youth. ... I commend this thoughtful article (From The Richmond Times - Dispatch) to the attention of my colleagues."

(By Patrick J. Buchanan)  
WASHINGTON

Mr. Labor is on a long losing streak. After pulling his oar for the Carter crew, George Meany has yet to receive even a doggiebag from the vast banquet table of political spoils. His recommendation for secretaries of defense and labor, two posts Meany cared about, were ignored.

Nor is the losing streak likely to end soon. While the President is committed, against his better judgement, to sign legislation repealing 14 (b) of the Taft - Hartley Act -- the section giving Georgia and 19 other states their right to outlaw mandatory unionism -- labor is unable to line up the Senate votes to have it passed.

But there is a battle upcoming where labor's prospects appear bright. That is the drive for a 30 percent increase from \$2.80 to \$3.60 an hour -- or to \$120 a week -- in the federal minimum

wage. The legislation might better be retitled the Anti-Poor -- and Black Law.

In a recent Wall Street Journal interview, Betty Jack, a black social worker in South Florida, the mother of four, lamented: "It would be just awful for the kids if (the federal authorities) raise the minimum wage again. ... It's bad enough now; but if the floor comes up again, the kids simply won't ever get hired."

Labor dismissed the contention. A \$3 minimum wage, the AFL - CIO asserts, would "benefit the entire economy by generating additional purchasing power and additional jobs." But if that be true, why not raise it up to \$4 an hour and generate even more jobs? Labor knows the answer. The federal minimum wage -- provides organized and skilled workers with an elevated floor from which to make their demands for higher wages. At the same time, its impact upon the unskilled -- the unorganized, the illiterate, the young, the poor and the black is devastating.

#### CRUMP'S GRASS ROOTS COMMENT

The federal minimum wage law means nothing to the flood of unskilled labor that enters this country illegally. They won't complain

for fear of being deported.

Instead of hiding the Nation's youth in CCC Camps, they should be free to enter the labor market and advance to higher paying jobs as their skills improve. A boost in the minimum wage will only push up the unemployment rate.

## Speaker Clayton Seeks Third Term

House Speaker Bill Clayton, "laying rumors to rest," announced he will seek an unprecedented third term as House speaker in 1979.

Clayton, 48, denied any interest in running for U.S. senator or lieutenant governor next year or in getting the state agriculture commissioner's post vacated by veteran John C. White.

He told reporters he has 90 firm pledges of support in 1979, virtually ruling out any genuine contest unless some of his backers change their minds.

"If we allow a speaker's race to develop, it could throw us off schedule in handling the important legislation we face, and we could end up in a last-minute tangle as has happened in the past," said Clayton.

Others speculated that Clayton, anticipating difficult times ahead in the 1977 legislative session that will test powers of leadership, wanted to demonstrate that he is no lame duck boss of the House.

Rep. Buddy Temple of Diboll said he is still a candidate for 1979 speaker and sees nothing wrong or unusual with having a race on during a session.

Other potential candidates -- Reps. Bill Sullivan of Gainesville, Tom Schieffer of Fort Worth, Tom Uher of Bay City and John Wilson of La Grange -- indicated they have no intention of taking on Clayton for the speakership.

#### Charge Unwanted

Texas senators expressed their firm disapproval of a telephone directory assistance or information charge permitted by the Public Utility Commission.

They voted 19-9 to prohibit such charges in spite of warnings the bill may actually lead to higher monthly phone rates for most subscribers.

Southwestern Bell Vice President Doyle Rogers announced after the vote 96 per cent of residential telephone customers and 87 per cent of business customers pay no directory assistance charges. The first 10 such calls per month are free, and a 20 cent charge is levied for each additional call over that level.

Rogers called the bill "anti-consumer," and said if the bill becomes law, costs of the service will have to be spread system-wide to all customers rather than just those who lean heavily on information operators.

#### Senate Acts

Coal slurry pipeline legislation and a multi-billion tax break for farmers won Senate approval last week, but senators stalled the first effort to bring up a controversial measure which would raise consumer loan interest rates.

Slurry pipelines would be granted power to condemn rights of way under SB 185. SJR 1 would authorize

special tax valuation formulas for farm, ranch and timber lands.

The loan bill received an 18-12 vote on a motion to bring it up for consideration -- two short of the necessary two-thirds majority for order-of-business rules suspension.

Meanwhile, another controversial measure before lawmakers -- medical malpractice legislation -- was slated for a House test this week.

#### Courts Speak

In a split decision, the Texas Supreme Court found a wheat farmer is a "merchant" in so far as being bound to an oral agreement to sell his crop for \$3.56 a bushel.

The high court said a data processing company is not obliged to pay a sales tax if its primary product is

service rather than computer punchcards.

The Court of Criminal Appeals reversed a San Antonio death penalty murder conviction because a defense psychologist was not permitted to testify.

Another murder case was sent back to Dallas for new trial due to testimony about a previous gun offense by the woman defendant.

An El Paso County embezzlement conviction also was reversed because the state did not recall a key witness.

#### AG Opinions

A Texas medical school is not prohibited from imposing admission requirements for students who have attended foreign medical schools, Atty. Gen. John Hill determined.

In other recent opinions, Hill concluded:

— Contributions for elec-

tion expenses or non-reimbursable office expenses do not constitute "pecuniary benefits" if legally reported as contributions under the election code and are not within the scope of penal code sections.

— The family code prohibits a law enforcement agency from fingerprinting a child except under certain exceptions.

— A visiting court reporter from another county judicial district is not entitled to per diem in addition to expenses.

— The chairman of the Texas Youth Council is a member of the council entitled to vote on matters before the body, and the group cannot limit or restrict his voting privileges.

Average calendar day allowable of Texas oil production as of March 15 was 3.6 million barrels.

### OLD PHILOSOPHER

Dear editor:

According to an article I read last night in a copy of the Houston Post which I'd been saving to start a fire with in my fireplace, you know, everybody has his favorite newspaper, some like the Post, some like the Star Telegram, but I'm neutral, I've found both are first rate for starting a fire and neither is any good if the kindling is wet, anyway, to get on with this sentence, according to the article I read Congress is considering a proposal to require people to insulate their homes.

The purpose is to get a more efficient use of energy, to make us efficient whether it's our nature or not. There are going to be some problems.

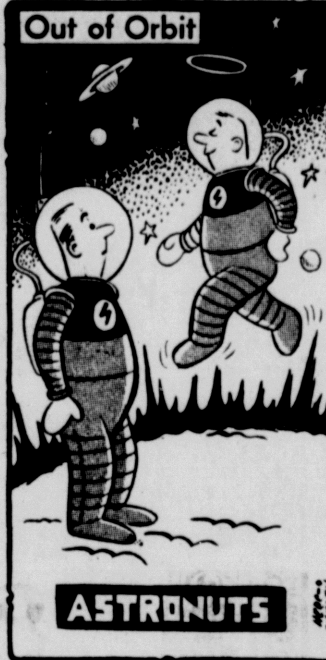

For instance, I know a man who said he tried to insulate his house but the wind kept blowing the stuff out through

the cracks in the walls. Another man said insulation saves energy all right and the argument by the government that insulation will save enough fuel to pay for itself may be true, but his house is insulated from top to bottom and he still can't pay his fuel bill.

Obviously, homes ought to be insulated, but Congress is going to run into some big problems when it sets out to make everybody do it. What it's going to cost to set up the National Insulation Bureau (NIB) and hire enough people to see that everybody complies, may cost more than the insulation itself, although that won't matter because tax money, unlike energy, is inexhaustible. It'll make good news, too. I can see the headline now in the Herald near Cameron Caught Living In An Un-Insulated House.

It's hard to legislate efficiency, just as it's hard to legislate morality. In fact you can't legislate morality among men, although immoral men can legislate. Nonetheless, if we can get every home in the nation insulated we'll be on a par with Congress. It's been insulated for years.

Yours faithfully,  
J. A.

## Enjoy a 6-minute call to New York and you could say all this for just \$1.51

"Hello?" "Hi Marge, this is Suzie." "Suzie, Suzie, Suzie! What a pleasant surprise!" "How are ya?" "I'm doing just fine. How are things with you?" "Oh, things are terrific around here since you left." "I'll bet. You know I miss you guys." "How do you like your new house?" "Oh, Suzie, it's terrific." "Did you get what you wanted?" "That and more." "Well?" "Well what?" "Tell me about your stupid new house." "Suzie, it's fabulous." "Did you get the big back yard you wanted?" "Three acres with a pond." "Do you have a garden?" "We have a greenhouse!" "Do you have a nice kitchen?" "A huge kitchen with all new appliances!" "Do you have some aspirin?" "Aspirin?" "Yeah, you're making me sick." "You should complain. You're not exactly living in a dump." "How does Fred like his new job?" "Suzie, he's a new man." "He likes it?" "He loves it. Absolutely loves it." "That's good." "How is Jack?" "Fine. He's going through a do-it-yourself phase right now." "Oh, good." "Everytime I ask him to do something, he yells 'Do it yourself!'" "Oh, not good." "When are you coming to visit us?" "When are you going to invite us?" "You know you have a standing invitation!" "Yeah, but we'd rather sit." "I'm serious. When are you coming?" "Name a date." "How about in a few weeks... say the week of the 29th?" "Wait a minute, let me get my calendar... the 29th?" "That's a Saturday." "Yeah. Sounds good." "Okay, it's a deal. We'll be expecting you." "What do you want us to bring?" "Just your sense of humor." "No." "No?" "Just joking." "Funny." "You missed a great party at the Smiths' last night." "They had a party? They never have parties." "They've been waiting for you to move away." "What happened?" "Well, for starters, Jackie's dog ate the main course before any of the guests arrived." "You're kidding?" "No. Then the air conditioning went on the blink." "No wonder they never had any parties. What did everyone do?" "We starved and perspired a lot." "Sounds awful." "Speaking of starving, how's the old diet?" "I'll tell you if you tell me." "125." "Oh, Susan! You've been cheating!" "No I haven't." "Well how can you lose weight if you've been eating so much?" "I'm not telling." "Come on." "One fxxvie five." "What?" "One fxxvie five." "Marge, you're mumbling." "One fxxvie five." "One forty five?" "Less." "One thirty five?" "See, that's not so bad." "That's terrible." "I know." "What's your excuse?" "A perfectly understandable insecurity resulting from having to adapt to new surroundings." "New surroundings. The only new surroundings you're gonna have to adapt to is the lard surrounding your midsection." "Hey, look. Go easy kid. I don't have you to nag me any more." "Well, it hasn't been easy for me either." "You wouldn't believe the food prices here." "Oh?" "Low." "Low?" "Low." "No wonder you're eating so much." "I'm not kidding..." "Neither am I." "...I'm saving about 15 dollars a week over what I used to pay." "You're kidding!" "I'm not kidding." "Sounds like you got a raise, too." "Right. 15 dollars to blow on anything I like... toilet paper, floor wax and soap." "Don't forget laundry detergent." "Right." "Hey, you took something of mine when you left." "Your yellow sweater?" "Did you take my sweater?" "Sorry, I wasn't going to tell you." "That's okay. You keep my sweater and I'll keep your skirt." "Skirt?" "You know, the one with all the animals on it." "Oh, yeah. I'd forgotten about that." "Is it a deal?" "We'll trade when you come to visit." "Sour puss. I'm sorry I even brought the subject up." "What were you going to say?" "I was going to say that you took my Suzie Fu Yung recipe." "Did I?" "Yes." "I'll give you that too when you come." "Good?" "See? Just think of all the nice things awaiting you when you come." "I can't wait. Hey, I have something for you." "What?" "A riddle." "Shoot." "What has four holder-uppers, four puller-downers, a pair of lookers, and a swishy-wishy?" "I don't know, what?" "I'll tell you when we come to visit." "Oh, no you don't!" "Bye." "Come on, tell me!" "Bye." "Suzie!"

A 6-minute call to New York dialed the One-Plus way (5 p.m. to 11 p.m., Sunday through Friday) costs just \$1.51 plus tax. So pick up the phone and enjoy. You can say such a lot-- for such a little.

## Public Hearing Set On Cotton Dust Standard

A public hearing on a proposed health standard that would reduce worker exposure to cotton dust will be held by the U. S. Department of Labor's Occupational Safety and Health Administration (OSHA) in Lubbock on May 10. Sessions will convene at 9: 30 a.m. at the South Park Inn, 3201 S. Loop 289. The key provision of the proposed OSHA standard

would reduce the present permissible exposure limit from 1,000 micrograms of total dust per cubic meter of air to 200 micrograms, based on an eight - hour time - weighted average. Respirable dust is proposed as the measure because larger cotton dust particles are not believed to be harmful.

In order to hear as many persons as possible, presentations will generally be limited to 15 minutes. However, OSHA will attempt to accommodate requests for additional time required by special circumstances.

All persons giving advance notice of appearance will have time reserved for oral presentations. Others wishing to testify will be allowed to give oral presentations if time permits.

Persons wishing to reserve time should file a notice of intention to appear, postmarked on or before April 1, with Tom Hall, OSHA Office of Committee Management, Docket No. H-052, Room N3633, U. S. Department of Labor, 3rd and Constitution Ave. N. W., Washington D. C. 20210.

Because similar hearings are scheduled in Greenville, Miss. on April 12, notices should indicate the hearing location at which the applicant wishes to testify.

### County Agent's Notes

## Agent Answers Questions About Fish Stocking

By Bill McCutchen

With the advent of warm weather I have had many questions about stocking fish and applications for fish.

Late in 1974 we were informed that the U. S. Fish and Wildlife Service was curtailing its program of stocking fish in ponds on private lands and other small lakes. Hereafter no fish of any species will be stocked on private lands by the federal hatchery system.

Fish from the state hatcheries are limited to largemouth bass, channel catfish and hybrid sunfish. Applications for fish must be made to the Texas Parks & Wildlife Dept., 4200 Smith School Rd., Austin 78744.

These applications should be in writing and sent by the pond owner to the above address. A preprinted computerized form will then be sent directly to the pond owner. He must fill this out and

return to Austin to receive his fish.

According to the application form, largemouth bass are delivered between April 1 and July 1. Channel catfish or hybrid sunfish will be delivered between August 15 and Nov. 1. Applications must be postmarked prior to Jan. 1. Those received after this date will be scheduled for stocking the succeeding year.

Fish from the Texas P- & W Dept. will continue to be 1 to 3 inches long for all fish stocked. If you want larger fish, they are easily obtained from commercial operators and excellent sources are available nearby.

### LIVESTOCK SHOW

The Milam County Livestock Association met Monday night March 14 and laid some groundwork for the 1978 show.

1978 will see a two-day show. All animals will be in place by 10 a.m. Friday, Jan. 13, 1978 and fat animals will be judged on Friday afternoon. Breeding animals will be judged starting

at 8 a.m. Saturday morning and the sale will be at 1 p.m. Saturday afternoon.

The Cameron Area Chamber of Commerce had asked that the Junior Broiler Show be held in conjunction with the Livestock Show with the Chamber still operating the broiler division. This was agreed on by the directors so it looks like the next broiler show will be in conjunction with the 1978 County Show.

Directors also voted to welcome the State Black and White (Holstein) Dairy Show to the facilities in May or June if the Black and White Show chooses to come and exhibit here.

ACCEPTS CABINET POST-John C. White, Texas Commissioner of Agriculture for the past 26 years, has joined President Carter's Cabinet as Deputy U.S. Commissioner of Agriculture. White was sworn into office March 16 following a speedy confirmation by Congress.

## Management Is Key To Farm Pond Fish

Management is the key to top fish producing farm ponds, says a fisheries specialist for the Texas Agricultural Extension Service.

"Texas has about one-half million acres of small farm ponds. Stocked with channel or blue catfish, these ponds can produce up to a thousand pounds of fish per acre annually if managed properly," says Don Steinbach.

"A lot of things come under consideration," says the specialist. "Anyone putting in a farm pond must be serious about it and must work at it. A good fish producing pond doesn't just happen."

The key to beginning a good farm pond is the correct location. First of all, the pond site should be able

to hold water -- clay soil is best. The watershed -- the area over which water will flow into the pond -- should be covered with grass sod. This will prevent silt from filling the pond at a rapid rate. For an acre pond, at least 25 to 50 acres of land is needed for the watershed.

"The pond should be at least three to five feet deep around the water's edge when full," contends the specialist. "Fish production is not increased with the depth of the water but it may prevent the pond from going dry during drought."

The soil should be cleaned where the dam will be located and a drainpipe should be lodged through the dam at construction to allow drainage if needed.

Problems such as seepage can be controlled with bentonite, a soft, porous, moisture-absorbing mineral clay. Muddy water can be cured by broadcasting agricultural gypsum or aluminum potassium sulfate (alum). Hay or grass cuttings may also be spread over a muddied pond to help clear the water.

When it comes to stocking the pond, a variety of fish can be used -- sunfish, largemouth bass, channel and

blue catfish. However, channel and blue catfish offer the most potential.

Fish for stocking ponds are available from both public and private hatcheries. Requests for fish from state hatcheries should be directed to the Texas Parks and Wildlife Dept., John H. Reagan Bldg., Austin, Texas 78701.

Fish from these hatcheries are available only for new or renovated ponds. All applications should be made before Jan. 1 of each year. Information on private hatcheries is available from county Extension agents or Extension fisheries specialists at Texas A&M.

"For production of large, healthy fish in a limited amount of time, a pond should have an adequate food supply during the year," says Steinbach.

"Fertilizing water is the key to growing fish because this initiates the food chain. Apply a fertilizer such as 20-20-5 at 100 pounds per surface acre in March or April or when the water temperature is about 60 degrees F. Later apply smaller doses at two-week intervals until the desired amount of plankton is obtained, but do not fertilize after May 31.

"To increase good fishing, feed fish with a commercial feed. Feeds come in the floating and sinking type and either is acceptable as long as it contains at least 25 percent protein. However, do not fertilize a pond if a commercial fish feed is being used.

"Piles of brush and automobile tires also concentrate fish and can make for more successful fishing," notes Steinbach.

Good management of ponds includes the removal of any unfit or undesirable types of fish such as shad, carp, bullhead catfish or suckers. The specialist advises removing the complete population and beginning over with a balanced stock.

Rotene is often used to clear fish out and can be used after the water temperature reaches 65 degrees F. and when the water is at its lowest level. The chemical is harmless to humans and livestock and will lose its strength in 7 to 14 days, at which time the pond may be restocked.

"Bothersome plants can be controlled with certain herbicides but these must be used with care," emphasizes Steinbach.

More information on farm fish ponds is available from county agents.

Snakes never close their eyes because they have no eyelids.

### IT'S DEPENDABLE

Dependable yields of consistently high quality fiber even in drought years. That's what made LX 571 a long time favorite with farmers here about. And it's nice to know that you don't have to give up something else for drought resistance. Farmers appreciate the good gin turn-out of fairly long staple fiber which makes in the premium range under normal conditions.

At maturity you'll like the looks of LX571's storm resistant bolls and at harvest you'll appreciate how well it strips one-time-over. LX 571 along with other Lankart varieties accounts for over 60% of the cotton planted in the Altus Classing Office territory and have for a number of years... strong testimony from people who know how to grow cotton in this area. If you think this might be a dry year

#### CHECK THESE LX 571 CHARACTERISTICS:

- Good dryland cotton
- Good root system for drought resistance
- Top yields
- Good gin turn-out
- Medium early maturity
- Storm resistant bolls
- Excellent stripper variety
- Well-adapted to one-time-over harvesting
- Staple length in the 1" and longer range
- Micronaire in the premium range (under normal growing conditions)

#### CHECK THESE RESULTS:

Information from cotton variety comparisons made in 1976 in various locations in Texas and Oklahoma:

- Childress, Texas  
On dryland without fertilization LX 571 (Lankart) made 687 pounds of lint per acre. The cotton which was machine harvested had a micronaire of 4.7, staple length of 30 and a gin turnout of 26.8 percent.
- Haskell, Texas  
In a dryland cotton variety test, LX 571 produced 685 pounds of lint to top the test and beat the second variety in the test by 12 pounds per acre. The fiber graded 50, had a staple length of 32, micronaire of 5.4 and a gin turnout of 29.5 percent.
- Wall, Texas  
LX 571 also topped this test of eight varieties on non-irrigated land without fertilizer. It produced 544 pounds of lint with a staple length of 34. Micronaire was 4.7, solidly in the premium range.
- Delhi, Oklahoma  
Under extreme drought conditions and without irrigation, LX 571 made a lint yield of 250 pounds per acre. The cotton graded 40, had a staple length of 30/32, a micronaire of 5.2. The gin turnout was 29.9 percent.
- Cooperton, Oklahoma  
In this test on the Kenneth Boyd farm, Lankart LX 571 produced 349 pounds per acre of very good cotton. It graded 50 with a staple length of 33/32, micronaire of 5.0 and had a gin turnout of 28.6 percent.

If you raise dryland cotton in this area where drought is a threat, go with LX 571 this year. You can get Lankart LX 571 from your ginner.

## Buckholts

By Mrs. Edwin Gandy

The Buckholts Baptist  
Church is sponsoring a  
"Good News" revival Friday  
through Sunday March 25-  
27. Evangelist is Bro. Paul  
D. Simpson from Taylors  
Valley.

Mr. and Mrs. W. E. Beck-  
husen attended the Chamber  
of Commerce banquet in Cam-  
eron last week. Mr. Beck-  
husen was elected second  
vice president.

Visiting with Mr. and Mrs.  
John Kuzel were Mr. and  
Mrs. Idan Minks from Wal-  
lis.

Mr. and Mrs. Bobby Sk-  
rhak and daughter from Brown-  
wood visited her parents,  
Mr. and Mrs. Douglas Wil-  
liams, on Monday.

Visiting with Mrs. Dealee  
Arnold on Monday was her  
sister, Mrs. Jewel Collier,  
from Cameron.

Jo Loftin celebrated her  
birthday at her home on  
Sunday with a barbecue din-  
ner and all the trimmings.

Edwin Gandy visited his  
father, N. W. Gandy Sr., on  
Friday at a nursing home  
in Temple to help him cele-  
brate his 93rd birthday.

Bro. and Mrs. Ronnie Wat-  
son came home with their  
new daughter on Friday.  
They had been staying with  
her parents, Mr. and Mrs.  
Grossman of Little River.

Gus Hopkins was home  
over the weekend. He is em-  
ployed in Huntsville where  
he spends the week.

An ancient Iranian legend has  
it that three languages were  
spoken in the Garden of Eden:  
Adam and Eve spoke in  
Persian, the most poetic lan-  
guage; the Serpent in Arabic,  
the most persuasive language;  
and Gabriel in Turkish, the  
most menacing language.

Candlelight Service Unites Couple

In a candlelight service at the First United Methodist Church in Rosebud, Saturday, March 19, at 7 p.m. Miss Belinda Maxine Shepard of Lott became the bride of Mr. Joseph Stephan Slovacek of Rosebud. Minister Dell Young of Valliant, Oklahoma, performed the double ring ceremony in front of the altar decorated with baskets of white gladiolas and chrysanthemums, and candelabra holding lighted white tapers.

Parents of the couple are Mr. and Mrs. Cecil Shepard of Spring, Mrs. Ed Ruff of Grapevine, Mrs. Victor Slovacek and the late Mr. Slovacek of Rosebud.

Miss Patsy Fischer of Rosebud, organist, played all nuptial music. Mrs. Randy Curtis of Harker Heights was soloist.

Given in marriage by her father, the bride wore a formal gown of organza and Venise lace, designed with an empire bodice and high neckline with lace and pearls. Long full angel sleeves, edged with lace and pearls, complemented the gown. The A-line silhouette was accented with lace down each side of the front; and the hemline was highlighted with lace and pearl trim. The full skirt swept to the back into a chapel train. Her full illusion veil, edged with lace, fell to finger tip length from a bandeau of matching lace and pearls. She carried a cascade bridal bouquet of pink rosebuds and white carnations accented with baby's breath and English ivy. She wore diamond earrings, given her by the groom.

Ms. Ricky Ranspot of Lott served as matron of honor. She wore a floor length polyester gown of spring green, featured with a V-neckline and butterfly sleeves, overlaid with ivory lace. Her headress was a veil of spring green tulle attached to a matching band of lace and polyester. She carried a nosegay of pink carnations. Bridesmaids were Mrs. Louis Koslosky of Travis and Mrs. Ed Frazier of Idabel, Oklahoma. Angela Shepard of Spring, sister of the bride, was flowergirl. Their ensembles were like that of the matron of honor.

Dennis Collier of San Antonio served his friend as best man. Groomsmen were Jim Ed Slovacek of Rosebud and Louis Koslosky of Travis. Tommy King of Rosebud and Ricky Ranspot of Lott served as ushers and candle lighters.

The bride's mother wore a long dress of peach polyester accented with a large cape collar edged with fur of the same color. The groom's mother chose a floor length dress of polyester knit with a matching long sleeve jacket. Both wore shoulder corsages of white carnations. The reception immediately following the ceremony was held in the fellowship hall of the church. Mrs. Donnie Robinson of Rosebud registered the guests in the bride's book; Mrs. Wayne Bland of Clute served the bride's cake; Mrs. Leroy Sehon of Lott served the punch; Mrs. Jim Ed Slovacek of Rosebud served groom's cake; and Miss Celeste Friudenberg served coffee.

Others in the house party were Mrs. Jay Shepard, Mrs. Lammie Blakely, and Mrs. Don White.

The bride's table was laid with a white cloth with net overlay trimmed with pink roses. The four-tiered white wedding cake was edged with spring green icing and accented with pink sugar roses to carry out the bride's chosen colors. Green fruit punch was served from a crystal bowl at one end. A silver candelabra holding lighted green candles and surrounded by the bouquets of the bride and her attendants formed the center table decorations.

The groom's table was covered with a white cloth with net overlay. From it were served coffee and a mocha chocolate wedding ring cake decorated with a miniature groom and carriage.

MRS. JOSEPH SLOVACEK

Exceptional Children's Week Observed

Buckholts ISD observed Exceptional Children's Week with an Open House Thursday, March 17.

- FRIDAY  
Pizza  
Green salad  
Pear half  
Raisin spice cake  
Milk

For the wedding trip to Austin, the bride wore a three - piece knit suit of spring green and a corsage from the center of her bridal bouquet.

The couple will live in Rosebud where the groom is employed at the Rosebud Medical Services.

The bride is a 1971 graduate of Rosebud-Lott High School and is employed at the Lott State Bank. The groom is a 1968 graduate of Rosebud High School and a 1973 graduate of North Texas State University at Denton.

The rehearsal dinner was given by Mr. and Mrs. Leroy Baca of Rosebud, godparents of the groom, and Dr. and Mrs. Tommy Smith of Rockwall, at the First United Methodist Church Fellowship Hall, Friday, March 18.

Meetings

Delphian

The Cameron Delphian club met Tuesday, March 15 in the home of Mrs. E. A. Perrin. Miss Louise Jamison and Mrs. Elaine Perrin served as co-hostesses.

Miss Sue Butts led the group in daily prayer.

Twenty members answered the roll call.

Mrs. Roberta Bowling, club president and some other members attended a meeting in Austin on March 8 and 9.

Mrs. W. C. Freeman gave a report on "Hands Up." Refreshments were served.

Thorpe-Walker United In Marriage

The Gause Methodist Church was the setting for the wedding uniting Debbie Kay Thorpe and Michael Walker on Saturday, March 5 at 3 p.m.

The bride is the daughter of Mrs. Robert Donaho of Cameron and Eugene Bagley of Waco. The groom is the son of Mr. and Mrs. Carl Walker of Gause.

The bride was given in marriage by her brother, Mickey Bagley of Waco. Rev. Bob Bishoff, church pastor performed the ceremony.

Serving the bride as maid of honor was her cousin, Cindy Yates of Cameron. The best man was Wade Wadlington of Milano.

Ushers were Donnie Walker, brother of the groom, Herbert Walker III, cousin of the groom and Danny Bagley, brother of the bride.

Registering the guests was Bridget Yates, cousin of the bride. Mrs. Janet Albright provided the wedding music.

A reception was held following the wedding in the church annex.

The bride's table was covered in her chosen colors of blue and white. Adorning the center of the table was the beautiful three tiered, blue and white wedding cake. Also served was punch, mints and assorted nuts. The groom's cake was a chocolate walnut sheet cake. Coffee was also served. Members of the house party included Mrs. Leo Yates of Cameron, Mrs. Donnie Walker of Milano and Mrs. Ora Lee Morgan of Cameron.

The couple are currently making their home in Waco.

## Yoemen Take Second, Three Named All Tourney

The Cameron Yoemen took two then dropped the last game in Elgin Tournament action to claim the second place trophy in the two day affair while three Yoemen were named to the all tournament team.

Saturday night was the first time in over four years that the Cameron Yoemen were able to reach the finals in baseball tournament action.

The Yoemen met the Pflugerville Panthers in the final bout, of the tourney dropping the game in extra innings 3-0. Both teams showed great poise throughout the game, playing superb offense and defense.

The Yoemen failed to score twice in the clutch situation. In the sixth inning the Yoemen had the bases loaded with one out but failed to get a runner across the plate. Another chance passed the Yoemen by in the eighth inning as they were ready to score with runners at second and third but again fell short. It was not until the ninth inning that the Panthers were able to penetrate the Yoemen defense and put enough points on the board to cinch the game and first place, as they slipped past the Yoemen 3-0.

Gerry Heitman was the pitcher for the Yoemen in the final bout throwing 17

strikeouts. Coach Roy Knight cited the game as Heitman's finest, saying "He (Heitman) threw the ball harder and faster than he has all season." Knight also added "The entire team showed great poise in the final game, not giving up and playing the game to the finish, that means as much to me as if they had won the game."

The Yoemen reached the finals defeating Caldwell in first round action and Bastrop in the second round.

The Caldwell Hornets dropped to the Yoemen in the first round 13-1. Gerry Heitman was credited with the win, pitching a two hitter. The Yoemen tallied 11 base hits and two strikeouts in the first round. The win sent the Yoemen into the second round, to meet Bastrop.

Joe Reyes snagged his first win of the year pitching for the Yoemen as the Yoemen defeated Bastrop 9-6. Reyes pitched the opening five innings then Gerry Heitman came in as relief for the final two innings and Reyes took the win. The Yoemen had five base hits in the winning effort, while Bastrop tallied 6 runs, none of which were earned.

As the final day of action ended the Yoemen were awarded the second place trophy for their team efforts and three Yoemen Gerry Heitman, Joe Reyes and David Rinn were awarded All tournament honors. Heitman was an all tournament pitcher selection Reyes Short stop and Rinn the centerfielder position. All three were awarded trophies for their efforts.

THREE Cameron Yoemen were honored at the Elgin baseball tournament Saturday night, being placed on the all tournament team. From left to right: David Rinn All tournament center fielder, Gerry Heitman All Tournament Pitcher and Joe Reyes all Tournament short stop.

## Entries Accepted For Bass Tourney

Entries are still being accepted for the March 27 Chamber of Commerce Partnership Bass Tournament at Alcoa Lake, according to Rod Prinz, chamber president.

The Rockdale Athletic Association will also hold a fish fry at the lake on that same day, open to the public, with tickets priced at \$2 per plate.

Tourney entries, including a \$30 entry fee, should be mailed to the Rockdale Chamber, Box 1488, Rockdale 76567, stating name, address phone number, fishing license number, boat registration name and number and partner's name, address and fishing license number. Tourney rules are:

1. All contestants must be

18 years of age or older and have a legal Texas fishing license; laws with regard to size and bag limit observed, teams must fish from same boat.

2. All contestants must register before March 26 at the Chamber of Commerce office. Entries must be returned with \$30 entry fee. The tourney will be limited

to number of teams, early entries urged.

3. All fish must be caught on rod and reel using artificial bait. No trolling will be allowed and fish must be caught in Alcoa Lake only.

4. Lake will open for launching boats at 6 a.m. Fishing will begin at 6:30 and end at 5 p.m.

5. All fish must be weighed on day caught and must be live or fresh. Winners will be determined by total pounds of fish, with individual prize for largest bass caught.

6. All fish will be marked by judges upon weigh-in.

7. All ties, if any, will be decided by flip of coin.

8. All boating and safety rules must be observed.

Funeral was at 3 p.m. Sunday in St. Monica's Catholic Church with Msgr. John Geiser officiating. Burial was in the church cemetery.

Rosary was recited at 8 p.m. Saturday in Marek - Burns - Laywell Funeral Home.

Mrs. Susik was a native of Milan County.

Surviving are her husband, Frank E. Susik of Bay City; three sons, Frank E. Susik Jr. of Pasadena, Jerome J. Susik and Robert E. Susik both of Bay City; two daughters, Mrs. Mary Frances Jackson of Pasadena and Mrs. Helen Pose Roller of Fort Stockton; and five grandchildren.

## Methodist Church News

Passion Sunday will be observed at the worship services at the Tracy and First Methodist Churches of Cameron this Sunday. The Scripture lesson will be read from John 11:47-53.

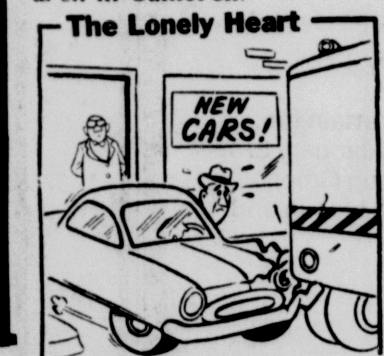

Special music will be presented by the Children's Choir that will sing "Now the Green Blade Riseth" and Frank Helsley will play the offertory music on the guitar.

Miss Susan Rosson will play the piano for the service and Jesse White will direct the Children's Choir. The pastor will speak on the theme, "The Hands of Jesus."

The family covered dish meal will be held this Sunday at noon in the Fellowship Hall. Everyone is invited to come and share in this time of family enrichment.

The concluding study on the book of Mark will be held in the Fellowship Hall at 5 p.m. Sunday. The group will explore the meaning of discipleship and the many opportunities that we have to be a witness for Christ today. Holy Land slides on Meggido, Jericho, the Dead Sea, Massada and Quamran will be shown. Mr. and Mrs. Jesse White will meet with the boys and girls during the 5 p.m. study time.

Everyone is invited to participate in the study programs and worship services at the First Methodist Church in Cameron.

# Alone

When we are young we have many carefree hours. We do not fully appreciate it at that time... but looking back we realize that today's generation has even more time on its hands. Beautiful time, yes! But we must help them fill it with a sense of responsibility and leadership.

Of course, our schools and communities offer every opportunity for healthy growth of minds and bodies.

But what about their spiritual development? Youth rightfully looks to us, who are no longer young, for guidance.

No, we cannot let them look for God alone. We must show them the way to Sunday School and the Church... where they can find Him. Then the years to come will be filled with spiritual strength and faith to live according to His will.

Mr. and Mrs. Carroll Warschak and Kenneth of Georgetown, Mr. and Mrs. Steve Geiser and Mrs. Jerry Huffer, Jennifer and Jacqueline visited Mr. and Mrs. W. J. Warschak, Rose and Jeanette on Sunday.

A gun store is guarded by an African lion.

## Colonial

Mrs. Marie Spicak was chosen to represent the Colonial Nursing Home in the Ms. Nursing Home Pageant to be held in Bryan March 24. Mrs. Spicak will display arts and crafts she has made.

Winner of the pageant will represent the Brazos Valley Chapter of Nursing Homes in the Ms. Texas Nursing Home Pageant to be held at the Spring Convention of Texas Nursing Home Asso.

April 29 in San Antonio.

Mrs. Blanche Pierce was honored with a birthday par-

ty on March 13. Mrs. Pierce was 98 years young. Max McClaren played an interlude of music. Nelson Green and James Price offered congratulations and best wishes to Mrs. Pierce.

Mr. and Mrs. James Price presented Miss Blanche with a birthday cake. Cake and punch were served to some fifty guests and residents.

The residents are looking forward to a birthday party to be given March 29 by the Ladies of the Abiding Savior Lutheran Church. This party will be given to honor all residents with birthdays in March.

## Texans Tax Burden Is Lighter

Most people would prefer to pay no taxes at all. But Comptroller Bob Bullock said Thursday that Texans at least enjoy a lighter state and local tax burden than do the residents of 43 other states.

In his March monthly financial statement, Bullock noted that recent studies show that Texans pay about 10 percent of their personal income in state and local taxes, compared to a national average of 11.9 percent.

Texas ranked 44th among the 50 states, he said, New York State -- where residents paid 15.7 percent of their personal income in state and local taxes -- ranked first.

The Comptroller's financial statement also reported

that because of lower interest rates, Texas local governments issued new bonds totaling \$2.1 billion in 1976, a record high.

Bullock noted that January state revenues totaled \$487.5 million, bringing state revenues during the first five months of fiscal 1977 to \$2.6 billion -- a nine percent increase over the same period in fiscal 1976.

State expenditures during January totaled \$544.4 million, he said, raising total expenditures to date during fiscal 1977 to \$2.86 billion -- only one percent ahead of fiscal 1976 levels.

The state closed its books on January 31 with a total cash balance of \$1.27 billion, Bullock said.

## CARD OF THANKS

We wish to express with sincere appreciation the many acts of kindness and love that was shown to us following the loss of our dear wife and mother.

The family of  
Mary E. Gunn Susik

I would like to express my thanks to my many friends and neighbors who were so kind to me during the days of my recovery from my accident. Thank you for the delicious food which you prepared and brought to our home for many days. It was so appreciated. Also, your prayers, cards, visits, telephone calls, and flowers. May God richly bless you. Sincerely,  
Wilma Whittington

**LEGAL NOTICE**  
NOTICE TO BIDDERS  
The Town of Buckholts, Milam County, Texas will receive bids until 10:00 A.M. April 7, 1977, at the Buckholts Town Hall for the construction of a complete, new sanitary sewer system. The project will be divided into two separate contracts as follows: CONTRACT I - collection system improvements will consist of the installation of a complete collection system, including lines, manholes, cleanouts, lift stations, force mains and all other items necessary for a complete and operable collection system. CONTRACT II - the plant will consist of an oxidation ditch type primary treatment and a clarifier for secondary treatment. The plant will be complete in all respects including pipes, manholes, chlorinator, mechanical and electrical equipment, access road, culverts, dirt work, channel excavation, sidewalks, site fencing and fence, inlet and outlet structures, as shown on the plans and specifications. The Contractors will be required to furnish a 100% performance/ payment bond and a 5% bid bond on the subject project. This project is being financed with a loan from the Farmers Home Administration and will be subject to all the rules, regulations, wage rates and equal opportunity provisions as applied to federally assisted projects. Bids should be addressed to Mayor Richard C. Crowe, Town of Buckholts, Buckholts, Texas 76518. Copies of the plans and specifications may be obtained at the office of DON H. FLEMING & ASSOCIATES 910 W. North Side Drive, Fort Worth, Texas. A \$35.00 deposit will be required and refundable to non bidders, if plans and specifications are returned in good condition and within three days after the bid opening.

## High Potency Vitamin E

## Sexual Potency Quickly Improves With New 'E-Pill'

NEW YORK, N.Y. (Special)—An amazing new "super-charged" vitamin E-Pill has recently been developed that reportedly "quickly increases and rejuvenates sexual drives and potency for both men and women of all ages. It also makes them feel healthier and more youthful". It is now available to the American public.

The new high potency E-Pill not only seems to increase sexual ability of both sexes but also "actually perks up sexual interest and stimulates a persons desires," according to a spokesman for the manufacturer.

**ALSO IMPROVES GENERAL HEALTH**  
This new, easy-to-take E-Pill contains newly formulated, highly concentrated vitamin E. It tends to quickly build up and strengthen the natural physiological processes of the body that are believed to be basically responsible for its potency, youthfulness, health and long life.

**HELPS 4 OUT OF 5 PEOPLE**  
Indications are that the new E-Pill gives quick and effective results to as high as 4 out of 5 people (80%) who have used it. Some people report no great change but feel the high potency of vitamin E in the pill does quickly make them feel better from a general health standpoint. Other reports also show it tends to "lessen daily tension and give a more relaxed, happier outlook on life."

**NOW AVAILABLE**  
The use of these high potency (one-a-day) E-Pills is perfectly safe and are now available without prescription from the manufacturer by mail order only. To get your supply, send \$6.95 for a 2 week supply, (or \$10.95 for a 30 day supply, or \$17.95 for a 60 day supply) cash, check or M.O. to: E-Pill, Dept. 516, 447 Merrick Road, Oceanside, N.Y. 11572. (Unconditional money-back guarantee if not satisfied.)

# Rise Seen In Manufacturing

Business seems about ready to increase its spending on plant and equipment. And it looks like manufacturing will get the lion's share, especially in Texas.

## Sharp-Tracy Friendship

By Mrs. Leroy Guillote

Many friends attended the funeral services for Mr. Ed Fowler held Thursday in the Friendship Methodist Church. Mr. Fowler had lived in Sharp for about fifty years, and after the death of his wife, had moved to Dallas to be with his daughter, Mrs. Francis Cunningham.

Mrs. Alice Rhodes is home after spending the winter in Temple with her daughter, Lynn.

Mrs. Karl Hanke and Mrs. Preston Schwarz visited with their aunt and uncle, Mr. and Mrs. Ed Fick at the Sweet Briar Nursing Home in Taylor Wednesday.

Norma Rinn and Mrs. Annie Hodge accompanied Mrs. Gene Mitchan and Mrs. Edna Buffington of Cameron to Bryen Friday for a visit with Mr. and Mrs. Larry Peschel.

Howard Coffman is a patient in St. Edward Hospital in Cameron. His daughter, Linda of Dallas, Fred Coffman of San Juan and his daughter, Susan of the U.S. Navy, Hawaii have been to see Mr. Coffman.

On the sick list is Mr. Emory Brockebush.

Mrs. Edna Rinn is visiting in Austin with Mr. and Mrs. Arthur Rinn and family.

Mr. and Mrs. Tim Hanke and Joe Wayne of Palacios visited with his folks during the weekend.

Weldon Henson is home after spending several days in Pittsburgh on union business.

Mrs. H. J. Ellender spent Saturday in Temple with her sister, Mrs. Zane Bales.

## Welfare Reform Meeting Set

Citizens with ideas on how to reform the nation's welfare system are invited to be heard at a special town meeting March 30 at One Main Place Building in Dallas, 9:30 a.m. to 5:30 p.m. in the Town Hall Auditorium.

Both spoken and written testimony are invited.

The meeting, to be held under a directive from HEW Secretary Joseph A. Califano Jr., is part of a nationwide effort to get public suggestions on how the welfare system should be reformed. Califano will make welfare reform recommendations to President Carter in May after public comments are in.

the expansion of manufacturing plants. By year-end, contracts had been awarded for only a little over \$3.6 billion in construction of new plants. That was nearly 38 percent less than in 1975 another slow year for spending on capital facilities.

Now, all across the country, signs of an increase in business spending are taking shape again. And again, some of the biggest changes are in plans for construction of manufacturing plants.

A survey by the Commerce Department shows business expects to increase its capital spending more than 11 percent this year. And about half the \$121 billion to be spent nationwide will go for manufacturing plants and equipment.

McGraw-Hill's annual construction forecast shows 1977 with the nation's first real growth in nonresidential construction in several years. The dollar value of construction, excluding housing, is expected to increase 15 percent. Even with the rapid rise in building costs, that could amount to a real gain of over 8 percent.

The big development, however, is the amount of work scheduled for manufacturing in Texas.

Although the dollar volume of contracts for new manufacturing plants fell 23 percent in Texas last year, only Louisiana led Texas in the volume of new contracts to build factories. And even in Louisiana, contracts for manufacturing plants were off 9 percent.

But McGraw-Hill's tally also shows manufacturers announced plans for over four times more spending on new plants in Texas than were announced in 1975. Over the next three years, work is due to start on plants in Texas costing nearly \$2.5 billion. And that is just for construction.

This is far more construction of manufacturing facilities than has been outlined for any other state. And the expansion reaches into neighboring states.

## Western paintings

AUSTIN, Texas (Spl.) — Thirty-six paintings that date from the 1780's to the 1970's and that record the opening and development of the American West have been given to The University of Texas.

Valued at about one-half million dollars, the paintings are a gift to his alma mater from C.R. Smith of Washington, D.C., who for many years was the head of American Airlines.

Included in the recent gift of Western art are paintings that portray Indians, cowboys, desert ranges, covered wagons, cattle stampedes, prairie fires and landscapes of the "big country."

The longest cave in the world is in Kentucky. It is the Flint-Mammoth cave system, 144 miles long.
